

**Eastern Maine Orchid Society
January Meeting!**

**Saturday, January 14, 11AM
at Greencare, 1779 Hammond St, Hermon**

Orchid Repotting Workshop!

If you have orchids that need repotting bring them on down. The club will provide the potting media (bark mixes, moss, etc.) Bring pots if you have them or purchase from Greencare.

Don't forget to bring your blooming babies for our regular show table - we'll be doing "People's Choice" again to recognize the favorite plant of the day. If you would like to bring snacks to share we won't say no (specially if chocolate is involved!) Hot water for tea & coffee will be available.

Any questions - call Mary Lou 848-5453
